## Obituary

### THOMAS A. MURPHY

One of the highly respected citizens of Westcott, Mr. Thomas A. Murphy, passed away at his home on Friday, May 19, after a prolonged illness, having just passed his 75th birthday.

He was born at Gardner, Kansas, and was married to Miss Phoebe Hunsperger, at Paola, Kansas, October 23rd, 1869, moving to the Westcott district with their family in 1900.

Mr. Murphy was a Baptist in religion, and was a staunch supporter of the work at Westcott during the early years, and was an exemplary Christian.

He is survived by his wife and son, Clifford, also 5 daughters, Mrs. John Wagner, Mrs. Carl Russell, Mrs. Ira Scott and Mrs. Stanley Maller, all of Didsbury, and Mrs. Wm. Bishop, of Penitont, B.C.; also 26 grandchildren and 9 great grandchildren; and 3 brothers, Dalton of Carleton Place, Oliver, of San Francisco; and a daughter, Didsbury. He was predeceased by two daughters, Mrs. Dan Russell, in 1943; and Mildred Janet, in 1915.

Funeral services were conducted in the Didsbury United Church on Monday, May 22nd, at 2:30, by the Rev. D. Whyte Smith, with Rev. C. G. Ashdown of Oids giving the address. Dr. L. Seaman rendered the solo, "After". Interment took place in the family plot of the Westcott cemetery.

The pallbearers were Messrs. Edward and Earl Kinkead, John and Alex Robertson, Norman Tuggle and Herman Dageforde.

## Club Activities

Twenty two members and several visitors assembled at Cliff Gibb's Tanglewood farm on Saturday, May 20. The young members showed keen interest in the natural beauty of the surroundings, particularly the flowing spring which supplies water to the stock year round.

The group gathered on the lawn and after filled lunch baskets, supplemented by tea and milk supplied by Pat and Garry Gibbs, were emptied, a short business meeting was held. Plans for the next meeting, to be held at the Olds School of Agriculture, June 17, were discussed and particulars will be given each member. Short talks were given by Mr. McPhail, club director, and Mr. Tom Morris, local supervisor, stressing the need of co-operation from all members in order to make the club activities successful. Pat Gibbs gave a splendid talk on "Feeding for Production".

A class of holstein heifer calves and of mature cows were judged. Two members joined the club. Some of the members took to the woods to see the Beaver Dam, and really did justice to Mr. McPhail's angel foods and Claud Webb's oranges, on return.

## Weddings

### SCHIARTNER-FRIEDLEY.

A quiet wedding took place at the Evangelical Parsonage on Monday, May 22nd, when Miss Vera Noreen Friedley was united in marriage to Mr. Abraham Schiartner. Rev. A. M. Amacher performed the ceremony.

### ROBERTS-TEYNOR.

A very pretty wedding took place at Fallen Timber School on Sunday, May 21st, when Hazel Esther Teynor was united in marriage to Cpl. Rio Wayne Roberts, of Didsbury, who is with the R.C.E.T.C., stationed at Petawawa, Ont. The ceremony was performed under an arch of evergreens and pink and white streamers by Rev. Mr. Moore, of Calgary.

Given in marriage by her father, the bride wore a white sheer floor length gown with a veil caught with orange blossom. She carried a bouquet of orange blossoms.

She was attended by Miss Velma Janzen, who was attired in a floor length gown of pink sheer and wore a corsage of pink and white carnations.

Mr. Joe Teynor, brother of the bride acted as groomsmen.

Mr. Bob McGiffin played the wedding music and during the signing of the register Miss Lydia Janzen sang "O Promise Me."

A reception was later held at the school to about 100 guest and the table was adorned with a 3-tiered wedding cake. The toast to the bride was proposed by Mrs. Moore of Calgary.

The happy couple will leave on Saturday for Pembroke, Ontario, near where Cpl. Roberts is stationed.

### SWITZER-GEESON.

St. Stephen's Chapel, at Edmonton, was the scene of a quiet wedding recently, when Miss Gladys Elaine Geeson, daughter of Rev. and Mrs. John Geeson, of Holden, formerly of Didsbury, became the bride of Petty Officer George Guin Switzer, R.C.N.V.R., son of Mrs. G. H. Switzer, of Guelph, Ont. The double ring ceremony was performed by the bride's father.

Given in marriage by her father, the bride wore a white silk gown fashioned with a bouffant skirt and fitted bodice. Her embroidered veil was held in place by a wreath of orange blossoms and she carried a bouquet of roses, fern and lily of the valley.

Miss Jean Cramer, of Claresholm was maid of honor, Chief Petty Officer, of Ottawa, was the best man.

P.O. and Mrs. Switzer left for a honeymoon at Banff. Upon their return they will take up residence in Edmonton. The bride is a nurse at the University hospital.

NEW ZEALAND TROOPS AT SANGRO RIVER

In spite appalling weather conditions and stiff enemy resistance the 8th Army carried the barrier of the river by storm. Picture shows Gunner J. Balfour, of Timaru, New Zealand, setting the range on an enemy target during the battle for the River Sangro.

## Ev. Church Conference To be held in Didsbury

The eighteenth annual session of the Northwest Canada Conference will convene at Didsbury Zion Church from Monday, May 22nd, till Sunday, June 4. Dr. H. A. Kellerman of Kitchener, Ont., will be the guest speaker.

The service on Monday evening will begin at 8 o'clock, but the time of the other evening services will be 7:30. On Wednesday evening Bishop E. W. Praetorius, of St. Paul, Minn., will open the conference session, and will preach on the subject "On our behalf".

The business sessions will be at 9:00 a.m. and 2:00 p.m. On Thursday evening Dr. Kellerman will preach the missionary sermon, and he also will preach on Friday evening, which will be young people's night.

The service on Saturday evening, in charge of the Women's Missionary Society, will be addressed by Dr. Kellerman.

On Sunday, June 4, Sunday School will be held at 9:30 a.m. Bishop Praetorius will preach the ordination sermon at 10:30 a.m.; Dr. A. H. Doescher, of Cleveland, Ohio, will preach the missionary sermon at 2:30 p.m.; and Dr. Kellerman will preach at the evangelistic service at 7:30 p.m.

We extend a cordial invitation to all to attend our conference sessions.

## Attend Alberta Musical Festival

Miss Collins, along with Margaret Ashdown, Pauline Bowman, Joyce Topley, Norma Parsons and Shirley Liesemer attended the Alberta Musical Festival at Edmonton last week, when the girls took part in the competitions.

Margaret Ashdown won the 7th place in a large class in the soprano solo for girls under 19 years, with 162 marks.

Shirley Liesemer, Joyce Topley and Norma Parsons took 2nd place in the trio class, and Joyce Topley and Shirley Liesemer also took part in the solo classes.

## Didsbury Jottings

By A.C.H.

We hope the rain lets up a little on Saturday, so the girls can rake in their donations for the Didsbury hospital nursery. Last year, everyone responded most generously. Of course, there was the odd grouch, like the man who wanted to know, "What the heck do women want to keep on having babies for, anyway?" In some quarters, a remark like that would reduce the population of a town by one. And, anyway, the young people now in the services were once babies "that women kept on having", and what a blessing that they did!

Guess that really was a Mitchell bomber that roared overhead last Sunday morning, on its way to Edmonton.

The Junior aid met at the home of Mrs. Nevis, Monday, May 22. This was an exceptionally pleasant meeting. Five food boxes are being started out on their financial way. Roll call was answered by "Famous Mothers", and there was an interesting quiz.

The Red Cross Tea took in \$106.00, and donations are still coming in from people who were unable to attend on account of the roads. The response to these teas is always splendid, and no wonder, for the committee is a grand bunch of workers who spare no trouble or effort to put the teas over. And incidentally, if you haven't sent your donation it still isn't too late. The Red Cross works the year round.

Did you hear of the professor who dreamed he was lecturing to a class of students? He woke up to find it was true.

**SATIN-GLO**

**PAINT  
ENAMEL  
VARNISH**

**SATIN FINISH** For the Decoration of Walls, Woodwork and Furniture—where a semi-gloss finish is often more desirable than a high gloss—SATIN-GLO FINISH IS RECOMMENDED.

**ENAMEL**, a High Gloss Enamel, available in rich glowing colors, for extreme durability. It dries quickly and the finish holds its lustre and its original color beauty for an unusual length of time.

**VARNISH** is exceptionally tough and durable and is recommended for finishing of floors, woodwork and furniture of every description.

## DeLuxe WALL TINT

**AN IMPROVED KALSOMINE!** Beautiful colors, easy to apply. Sanitary and won't rub off. One package will do an average room. 75c package. Some Colors in Bulk, 11c lb.

## BAPTONE, a Beautiful Soft Flat Finish

The makers of the famous "Bapco" products now offer a remarkable new type finish entirely different to the usual paints, varnishes or kalsomines.

It is a synthetic paint that is washable and has several features not obtainable with ordinary finishes. It has amazing spreading powers, making possible a decided saving when coating a large area. Baptone is a utility product which can be used with absolute satisfaction on new or old plastered walls, over all types of wallboard, no matter how porous and will make a perfect job over kalsomine or wallpaper.

**The World of Wheat**  
by H. G. L. Strange

**THE FARMERS GOOD WORK**

In spite of the severe lack of labour on prairie farms, the records reveal that our farmers this spring have sown a larger acreage to crops than ever has been done before in the history of the Prairie Provinces. The total sown to all grains this spring is 41,341,000 acres. The next highest sowing was in 1940, when 40,497,000 acres were seeded.

Comparing the sowings of each of the grains this year with those of 1940, we find that the acreage sown to wheat is 26% lower than in 1940 (the wheat acreage this year, however, is 23% higher than for last year, 1943) oats 42% higher barley 106% higher, rye 58% lower, flax 46% higher and the total acreage of all crops is 2% higher this year than in 1940.

It is interesting to note that the considerable increases which have taken place in the sowings of oats, barley and flax during the war years have been, in the main, at the expense of wheat acreage, although to some slight extent also at the expense of rye.

This all shows, however, how well during these war years our farmers have changed their acreages from one crop to another in accordance with the recommendations and desires of the Government.

**ANSWERS for Victory Gardeners****What Are the Most Important Enemies of the Gardener?**

No gardener will be successful unless he defended against weeds and insects. The hoe and the sprayer are the two weapons most important in "garden defense." They should be used regularly and in the proper manner. Too often Victory Gardeners start out enthusiastically to raise their own garden vegetables. The next thing they know their project gets to be hard work. The sun is hot, the weeds begin to take over and pesky insects move in and invite all their relatives to partake of the bountiful banquet spread before them in the way of tender vegetables.

**What Harm Do Weeds Do In the Garden?**

Weeds are thieves. They steal the moisture and plant food from your crop. The soil is a reservoir from which the garden plants draw their sustenance. Every weed that runs its roots into that reservoir draws away the things your crop needs for good growth. Few soils will feed a crop of weeds and a crop of garden vegetables at the same time.

**How Can I Prevent a Growth of Weeds in the Garden?**

Weeds grow from seeds. If weeds are kept down year by year so that no seed falls, your weed problem is partly solved although there always seems to be some coming up to matter how you fight. The problem in the main is solved by cultivation and by hoeing. Weeds should be destroyed as they come up before they have time to attain a size where they do damage by robbing your crop. Turning garden trash helps to destroy both weed seeds and insects. However many weeds drop their seeds as soon as they ripen and you have to

**Notes From the West.**

Mrs. A. L. Hogg, as constituency convener, visited the Bancroft W.I. east of Carstairs last Wednesday, accompanied by Mrs. E. Parker and Mrs. Eckel.

Miss M. Pitt, teacher at the Elkton school, was a Calgary visitor over the weekend.

Mr. and Mrs. Banting and Pte. Lawrence Banting were dinner guests with Mr. and Mrs. Gillies on Sunday.

The Elkton Softball team played Garfield at Garfield on Sunday, winning 7 to 4.

**Canada Needs More Flaxseed**

The recent rains and snow in certain districts of central Alberta have greatly improved seeding conditions, and it is anticipated that one result of this improvement will be an increase in the acreage sown to flax.

Flaxseed is the only oil-producing crop now grown extensively in Canada. In normal times the oil produced from this crop is used chiefly in paints and other industrial products. Since the war has cut us off from supplies of some of the other drying oils commonly used in the paint industry, the percentage of flaxseed oil used in the manufacture of paint products has risen from 60% to over 85%. War industries are demanding large quantities of supplies of these products and there are few parts of the war production picture which paint does not touch and to which paint does not make some contribution.

The price to be paid for flaxseed in 1944 is \$2.75 per bushel basis No. 1 C. W. Fort William. This is the highest price paid for many years. Furthermore, there are no quotas restricting the delivery of flaxseed at present. It is estimated by the Agricultural Supplies Board that upwards of 20 million bushels of flaxseed can be absorbed during the coming year.

The higher quality of Canadian flaxseed continues to attract buyers and there is no danger of over production for a few years at least. Districts which produce starchy pig-bald wheat can grow flaxseed of highest market quality.

A special pamphlet on Flaxseed has been issued by the Agricultural Supplies Board under the Wartime Production series, and a copy may

be careful that in gathering stray weed seeds you do not broadcast weed seed.

**What Insects Are Most Harmful to the Garden?**

Any insect seen in the garden should be looked upon as an enemy till proven otherwise. Some are more harmful than others. All insects are harmful that eat leaves, flowers or tender shoots. Likewise they are harmful if they suck sap from the tissues. The plant needs all its substance and can spare none for support of insects. In various sections of the country various pests are found. Some insects such as aphids are almost universal, however, and are found on almost all types of vegetation. Watch for the little green plant lice (aphids) and attack them at once when they appear. They look harmless but can do great damage if allowed to multiply.

**How Should Insects Be Combated?**

As soon as the plants get large enough to act as a harbor for insects they should be sprayed. For chewing insects use lead arsenate. For sucking insects use Black Leaf 40. Full directions will be given later in these columns as to how to use these products, which are very simple to handle and will do a splendid clean up job.

**Navy League Appeals For Ditty Bags**

The Navy League is again appealing to the people of Alberta for assistance in their endeavor to supply comforts especially Ditty Bags to the men of the Merchant Navy.

Ditty bags are small bags packed with useful articles and are intended as gifts for the merchant seamen. It is hoped that in a small way they express the appreciation which all Canada feels for the magnificent job being done by these men, who, without the stimulus of a natty uniform or military bands, daily face the perils of war at sea. The Merchant Navy delivers food and munitions of war to our own soldiers and those of our allies, besides countless other supplies to all the peoples of the United Nations.

That these bags are appreciated is amply proven by the number of "thank you" letters received by donors from the grateful recipients, letters which invariably tell of the tremendous lift which ditty bags give to morale.

The Navy League has discovered that ditty bags never lose their usefulness even when emptied of their original contents, as many of the men call them "Grab Bags" since they fill them with necessities and in case of having to abandon ship they grab these prepared kits and thus have some preparation for emergencies.

The bags are free to these who wish to fill them, and they, and any further particulars, may be obtained by communicating with the Women's Auxiliary, Navy League of Canada, Southern Alberta Division, 12 Royal Bank Chambers, Calgary.

**Cabbage Maggot Can Be Controlled**

The adults of the cabbage maggot are two-winged flies which lay their eggs on the stems of cabbages, cauliflowers, turnips, radishes, and such like plants in the spring. The maggots may do much damage to these plants but they may be controlled by the use of corrosive sublimate, a product which may be bought at most seed houses and all drug stores. When it is used it is diluted at the rate of one ounce to ten gallons of water. As corrosive sublimate loses much of its strength when brought into contact with

Conserving Moisture  
Crops sown on summerfallow this spring will benefit from moisture accumulated since about August, 1942, as well as from rain which we all hope will fall this summer.

Under average conditions, this involves about 30 inches of precipitation.

Experiments conducted by the late Sidney Barnes at the Dominion Experimental Station, Swift Current, over a period of 11 years, merit careful study by all dry land farmers. Of the total precipitation which falls during the summerfallow period of 20 months (for example, August, 1942 to April, 1944), not more than 30 percent is available to the summerfallow crop. What becomes of the rest?

1. Some percolates down through the subsoil; but this loss is negligible except in humid areas.

2. Some runs off the field.

3. A lot evaporates.

4. Too much is used by weeds.

We may ignore No. 1. Trash over and, where feasible, contour tillage will reduce losses from No. 2. Loss from No. 3 is almost entirely unavoidable. With respect to No. 4 it is significant that Mr. Barnes considered that preventing weed growth was the most important feature of summerfallow tillage. In his experiments, wheat yielded more than twice as much when weed growth on the fallow was prevented as it did when weeds were left alone until being plowed under on July 15th.

It takes at least 300 pounds of water to produce one pound of dry dead weed material.

**Try a Classified Advt.****About the "Busy Bees".**

The Busy Bees met at the home of Mrs. Wilbur Jahnke on May 17, with four members and one visitor, Mrs. Waldford, present. The afternoon was spent in tying a quilt.

The next meeting is to be at the home of Mrs. E. Jahnke on June 7. Lunch was served by our hostess, which ended a pleasant afternoon.

metals, it should be mixed in and applied from glass, earthenware, or wooden vessels. This point, states Alan C. Duxton, Division of Entomology, Dominion Department of Agriculture, is very important.

Two or three days after the cabbage and cauliflower transplants have been set out in the field, the solution should be poured over the stem and around the base of each plant, using about half a cupful per plant. Care should be taken to wet the stems thoroughly, as well as the soil immediately surrounding the base. Two subsequent applications should be made, the second 7 days after the first, and the third 7 days later, making three treatments in all. It is important that the first application should be made early, because the success of control depends largely on that point.

Miss Mary Ringheim, who is with the Alberta Government Telephones here, is to be transferred to Turner Valley, where she will take up duties for two months.

A Holy Communion service, conducted by Rev. A. D. Currie, will be held at St. Cyprian's Church on Sunday, May 28, at 11:00 a.m.

K. Roy McLean, Optometrist & Optician, will be at the Rosebud Hotel on Monday morning, June 3, Wednesday to Saturday consult at 1015 Southern Bldg., Calgary. No visit will be made in July.

Sandy Cathness reports to us that he has lost his wrist watch. As he purchased this watch while in Egypt, he attaches great value to it. Will the finder please see that he gets it. See adv't. for description.

The Red Cross have moved their supply quarters from the Old Bus Station, across the track to the building formerly occupied by a tailor shop by W. M. Smith. Mrs. L. J. Wrigglesworth is in charge of the room.

Mrs. Walter McInnes was visiting with her parents, Mr. and Mrs. E. A. Deadrick, last weekend. We are informed that Mr. and Mrs. McInnes, who have been in Calgary for some time, are moving to High River.

Messrs A. L. Hogg, W. H. Davies, Ed Buhr and C. E. Reiber attended an executive meeting of the Red Deer Constituency Liberal Association, held at Red Deer on Wednesday last. Mr. Davies was appointed temporary chairman of the association.

F/O J. H. Shephard, who, after returning from England on completing his operational duties with the R.C.A.F., and spending a month's leave with his parents here and at Edmonton, left Saturday for the west coast where he will take up instructional duties.

A C.G.L.T. concert will be held in the Knox United Church on Wednesday, May 31st. The program consists of musical items, fashion show and a three-act play. Proceeds go to the Girl's work board. Everyone is welcome to come. Adults 25c and children 15c.

Word was received from overseas that Lt/Cpl L. M. Jacobsen was injured on April 24. He received a skull fracture and was unconscious about ten days. Lee went to England in June of 1943, with the 1622 Sask-Horse Reg't, but was later transferred to the 25th Armoured Reg't. and had been head of a motorcycle troop for two months.

Mrs. W. M. Dageforde is enjoying a visit by some of her children from the sunny southland. They are Mrs. M. Schuerman and August Dageforde, of Los Angeles; Mrs. H. Miller and Mrs. A. Wiebold and daughter, Irene; and Mrs. Stabenow and son, David, of Portland, Oregon. Mrs. Dageforde tells us that her guests find it hard to keep warm out here.

### W.I. Notes

The Didsbury district of the Women's Institute will hold its conference in the Knox United Church, Didsbury, Saturday, June 17.

Mrs. Alfke of Didsbury, and Miss Norma Hogg of Oids, will be the guest speakers; the latter will judge the handicraft and give a short talk on this subject. Mrs. McGorman, district director of Penhold, will also speak.

A pot luck lunch will be served in the basement promptly at 12 noon.

### Sgt. Hanson Wounded

Mr. and Mrs. Hans Hanson of Oids, received a telegram from Ottawa on Wednesday of last week, stating that their son, Sgt. Don Hanson, had been wounded. Don is with the 14th Army Tank Regiment who have been in the thick of the fighting in Italy. The extent of his wounds was not stated.

Sgt. Hanson is a brother of Miss Margaret Hanson, of the telephone staff.

### CARD OF THANKS

For their kindness and help of our friends during the sickness of Mr. Murphy, and for their sympathy during our bereavement, we wish to express our appreciation and thanks. Also for the many floral tributes.

The Murphy Family

### Relaxation of Exchange Control

The news of the relaxation of exchange control on foreign travel, even if the relaxation has definite limits, has been welcomed here in the capital as elsewhere in the country. Not more than \$150 in U.S. funds will be allowed during twelve months to anyone travelling without health or business reasons, but easing up even to this extent is another indication that the exchange situation which caused genuine uneasiness earlier in the war has improved. Even if travelling is limited it will remove the annoyance felt in some of the Northern States over Canadian travel being cut off when the U.S. had been sending so many tourists to Canada for years. Most of these people came to understand in time no doubt the imperative reason for Canada's action which in reality were simply that this country had to conserve by every possible means its U.S. funds so that it could pay for purchases of war materials in the neighboring republic.
